

If you're interested in observing for any of the weeks beginning 28 May, please write to:
Jean Miller at jemille6@vt.edu

Provide your full name, email, affiliation or address, a brief bio, and a sentence or two explaining your interest.

The May 21 meeting (video) will be posted by May 22, along with slides, so you won't miss anything if you wish to watch that session. I'm keeping the live first session for the graduate students who have signed up, as we learn the ropes.

Proofs of the Tours we will cover are on my errorstatistic.com blog:

Thank you so much for your interest.
